

## Disclaimer

Although every effort is made by the Editorial Board and Publisher to see that no inaccurate or misleading data, opinion or statement appear in this journal, we want to make it clear that the data and opinions appearing in the articles and advertisements herein are the responsibility of the contributor, sponsor, or advertiser concerned. Accordingly, the Publisher and the Editorial Board disclaim all responsibilities for the consequences of any such inaccurate or misleading data, opinion, or statement. To the extent permissible under applicable laws, no responsibility is assumed by the Publisher nor by the Editors for any injury and/or damage to persons or property as a result of any actual or alleged libellous statements, infringement of intellectual property or privacy rights, or products liability, whether resulting from negligence or otherwise, or from any use or operation of any ideas, instructions, procedures, products or methods contained in the material therein. Whilst every effort is made to ensure that drug doses and other quantities are presented accurately, readers are advised that new methods and techniques involving drug usage, and described in this journal, should only be followed in conjunction with the drug manufacturer's own published literature in their own country.
